EAGLE SONG

**Hail to our mighty Eagles' Spirit and
Hail to our MSSD flag.
Our colors are Red, White, and Blue.**

**All of our opponents are afraid of our MSSD athletes
Because our MSSD athletes
Put the pressure on and tear them up.**

**See how our
Tall, short, huge, sturdy,
And nice-looking Eagles
Challenge, challenge the world and soar all over
From the north to the south; from the east to the west
While fighting to pull the team through.
Even though our MSSD athletes take the hit,
Become frustrated, and feel discouraged.**

**What if our victory seems not possible?
WAIT! WAIT! WAIT!
Our MSSD athletes are willing to fight
The tough fight from sunrise to sunset.**

**So, hail to our mighty Eagles' Spirit and
Hail to our MSSD flag.
What are its colors?
Well, naturally, its Red, White, and Blue.**

**Our athletes lined up ready to go.
The referee blows the whistle.
Do our athletes hear the whistle?
No! They are DEAF!
Yet they all cooperate and yell
To support our team through!**

**Up the hill rests the proud MSSD Eagles.
What are our colors?
Of course, Red, White, and Blue!**

YEARBOOK DEDICATION

Tyese Wright

MSSD students have selected you because of your dedication. You work hard with the students, and you will do anything for students- even attending all home games, and performances. You can easily make us laugh so hard to relieve our stress. You are a very understanding person who we can easily talk to about anything. We feel that we have one of the best connections with you on campus. You are a marvelous teacher at MSSD!

Thank you, Tyese, for being there!

Alice's Adventure in Wonderland

A young girl named Alice falls down a rabbit hole into a world populated by peculiar creatures where nonsense rules the day. Come and join Alice on her fantastic journey into Wonderland! Written by Lewis Carroll, Alice's Adventures in Wonderland is one of the most beloved stories of a childhood adventure ever written.

"Whooo ... are ... you?"
The caterpillar is smoking heavily, exactly three inches high which, according to him, is a very good height. Actually though, he is angry about Alice's comment about his three inch height.

The Duchess is obsessed with pepper and throws it all over the place causing the baby to sneeze constantly. She also smashes plates everywhere. She has no concern for her baby now that he has become a pig.

*Alice
In
Wonderland*

Alice becomes a guest at a "mad" tea party along with the March Hare, the Hatter, and a sleeping Dormouse. They told Alice many riddles and stories. Alice becomes insulted and tired of being bombarded with riddles and she leaves claiming that it was the stupidest tea party that she had ever been to.

Start A Movement.
Take A Stand.

Kirk Smalley's Presentation "I am Somebody" tells the story of his son, Ty, who killed by himself as a result of being bullied.

Kirk Smalley definitely touched all of our hearts. We will never forget what he said. It was inspiring to see a man who would do anything for his child. The promise he made to his son, Tyler, was the best part of the whole thing.

Stand for the Silent, I am somebody.

Written by: Adele Fass

Ty Smalley

Kirk Smalley did really great. This really does inspire me a lot. I do look back at my time, and yeah, I have been in that situation before, but I do stand up and stay positive for 15 years. To this day, I still do stand up for the kids who suffer from bullying. Not only that, I would like to help other kids and get involved. All of us should keep our Anti-bullying support system and hope the world will stop bullying soon.

Written by: Hazel Ramriez

On October 27, everyone went to the Malz Theater thinking that Kirk Smalley's presentation about bullying would be like the others. We all were wrong. It was one of the most emotional presentation that we have ever seen. Kirk talked about his son, six years old, who killed himself because he was bullied in school. He threw the horrifying and disgusting truth right in our faces. Almost everyone teared up and some left the theater. Kirk made a lot of us realize how bad bullying is. Most of us took the stand for the silent to help stop bullying.

A collage of images featuring three people whose faces are obscured by a large, stylized, multi-pointed star shape. The star is composed of several overlapping, jagged, black shapes with white outlines, creating a complex, geometric pattern. The background of the collage is a mix of colors and textures, including a blue and white patterned background and a red and white striped background. The people shown are a woman with brown hair and glasses, a man with a beard and glasses, and a woman with dark hair. The overall effect is a creative and artistic representation of the individuals.
